

A1

32. A process for making a tablet according to Claim 18 comprising the steps of :  
forming a core by compressing a particulate material, the particulate material comprising surfactant and detergent builder;  
applying a coating material to the core, the coating material being dissolved in a solvent or water;  
allowing the solvent or water to evaporate;  
characterized in that the coating comprises a clay.

---

**Conclusion**

Support for these amendments is found in the claims as originally filed. These amendments are entered to bring the claims into conformance with 37 CFR §1.75; no new matter is added.

Respectfully submitted,
